

Mr. Scott Barkley
Pro Act Traders

9/22/11

I attended the 3 day Momentum Class with Scott as the instructor. It was the "Best" and most interesting class that I have ever attended. It was much more than I expected or could hope for.

With Scott's guidance and Terry keeping me in charts, I feel I can only succeed with my "goal".

I plan to review all the notes and each night class one step at a time. The information was phenomenal, very entence and needs to be reviewed one step at a time.

I will attend each class, Paper Trade, and get to recognize patterns 3-500 Times as instructed.

I look forward to the next time the Momentum Class is held again, and see how much I have improved.

Thank you so much Scott
And Terry for all your help.

To a Great Goal
Raymond R.
